

# IEEE 16<sup>th</sup> International Conference on Electronic Measurement & Instruments Registration Policy

Harbin, China

Aug. 9-11, 2023

The IEEE International Conference on Electronic Measurement & Instruments (ICEMI 2023) is the world's premier conference dedicated to electronic measurement, instrumentation, and testing of devices, boards and systems, which covers the complete cycle from design, verification, testing, diagnosis, failure analysis and the process of manufacture and product improvement. The conference is convened every two years. The purpose of the ICEMI is to provide excellent opportunities for scientists, engineers, academics, and other professionals throughout the world to present and learn the latest research and developments in the mentioned areas and to network and exchange their related views and experience. The conference will be held during 9-11 Aug, 2023, in the beautiful city of Harbin, China.
